Alumni Talk on IPR & Campus Placement Preparation

Lakshmi Narain College of Technology & Science, Bhopal

Department of CSE

NEWS BULLETIN APRIL2023

The Department of CSE LNCT&S, Bhopal organized a talk on 26th April 2023, in which LNCT& S alumni Mr Gopal Kothari addressed the students regarding the importance of innovation & patents.For students and professionals, it's important to have a basic understanding of IPR and its implications, especially if they are working in fields such as engineering, technology, or creative industries. He also motivated for the placement preparation and told them that it's important to start early and prepare thoroughly in order to increase the chances of landing a job. Build the skills and knowledge in the respective field of interest by taking relevant courses, internships, or certifications.

In a talk around 352 students participated fromthe department of CSE with an aim to highlight the importance and understanding of intellectual property (IP) & to promote creativity & innovation and guided the students to prepare a strong resume and cover letter that highlights your skills, experiences, and achievements.
