A 2 - Day Cyber Security Workshopwas organized by Department of Computer Science and Engineering LNCTS & IIC Cell for B.Tech2nd Year Students. The workshop was conducted by the NGO Innovative Ideas Infotech.

Innovative Ideas Infotech Society is an NGO working to make people aware of cyber crimes. Their mission is "Excellence Through Innovation". It is the largest NGO of the country working on cyber security. Mr. Rahul Mishra from Innovative Ideas Infotech were the speaker for the 2 – day workshop.

On the 1st day of the workshop the studentswere told about various Cyber crimes happening in the country like ATM frauds, credit card - debit card frauds, internet banking frauds, online payment frauds, how these crimes are committed, what are the reasons for happening of such crimes, how can one be safe from such cyber crimes. For the second day of the workshop the students had to register themselvesby paying a fee of Rupees 800.

On the 2nd day of the workshop the registered students were explained the below listed topics:

- Windows security and hacking
- How to create& change passwords on system& where passwords are saved
- Back door creation or Sticky Key Attack
- Steganography –The Art of hiding Contents
- Googling or Google hacking
- Data recovery
- Instagram hacking
- How to track a lost phone
- Website hacking and security
- Smartphone hacking and security

All the registered students, faculty coordinators and student coordinators were awarded their certificates. Mr. Rahul Mishra were thanked by presenting them a memento. Overall, the workshop was a huge success.
