Expert Lecture on "Role of Industry-Institute Interaction to promote Education & Entrepreneurship"

The Department of Computer Science & Engineering, CSE of LNCT & S, Bhopal has conducted the seminar for the students by the expert "Mr. Rajesh Rai", Sr. Developer, ECLAT Infotech (P) Ltd. on 04th November 2023.

He focused to bridge the gap between industry and academics by focusing on some practical subjects. This gap has long been a subject of concern and debate, as it directly affects the ability to drive innovation, economic growth, and societal progress. There is disparity between what is taught and researched in academic institutions and the practical needs and demands of the industry which results in a mismatch of skills, knowledge, and expectations between graduates and employers.

He encouraged students to participate in internships and cooperative programs, and escorted them to gain practical experience while studying. He advised to launch somejoint research projects between academia and industry, fostering a culture of innovation and knowledge sharing.

Mr. Rajesh Raiasked to adopt collaborative strategies, embrace cultural change, and nurture an environment of continuous learning, so that we can work together to narrow the gap and create a brighter future for all.
